

THIS IS BEYOND

NEW **GLAREX™** POLARIZED SAFETY EYEWEAR

GLAREX

GLAREX: THINK CLARITY

INTRODUCING GLAREX SAFETY EYEWEAR. The model is wearing GlareX with gray polarized lenses.

GlareX polarized eyewear is the ideal choice for outdoor workers as it not only provides impact protection, it also helps block reflective glare so wearers see more clearly and experience less eye fatigue.

- Glare-resistant Polarized Lenses
- Ergonomic Frame For All-Day Fit
- Dual Polycarbonate Lenses Reduce Up To 99.9% UV Rays
- Wrap-around Styling For Excellent Coverage
- Lightweight Design For Added Comfort
- Low-pressure Spatula Temples
- Scratch-resistant Coating
- Meets ANSI Z87.1–2003 High Impact Standards

NEW GLAREX™ POLARIZED SAFETY EYEWEAR

One Size Fits Most Face Sizes

Comfortable Spatula Temples

Lightweight Design

Wrap-Around Coverage

Lens Blocks 99.9% UV Rays

Off-axis reflective light from all surfaces is blocked by invisible vertically-oriented polarizers in the lens.

Right for Bright

New GlareX polarized safety eyewear goes beyond impact protection. It also protects against glare produced from snow, water, cement, ice and other reflective surfaces. This optical advantage can help eliminate dangerous "blind spots" that may impair safe work functions. Plus, less glare can reduce eye fatigue and, in turn, help increase productivity.

For outdoor wear or high glare work environments, GlareX polarized safety eyewear is the right choice, and the bright choice.
